Dear Bill,

Thank you for your correspondence and interest in both WHWH and WPST. Because I have been Chief Engineer for only a short period of time I was not aware of your previous report. Your official radio log matches our programming, times and personalities and is therefore verified. Both our studios are located in Princeton N.J. with transmitter links to Trenton N.J. for WPST and to Hopewell N.J. for WHWH. Enclosed you will find the information that you requested. I am sorry that I have no QSL cards at this time however I will send them to you as soon as they come in. If you have any further questions, please feel free to drop me a line or give me a call. My card is enclosed for your file.

Sincerely,

Rick Eby
Chief Engineer
